Director of Operations  
Nefesh International**

**Dear Alice,**

**I am writing this letter to you and enclosing my resume because I am interested in participating in the supervision project initiative that is being formed.**

**As my resume indicates, I have thirty-seven years of experience working as a psychologist. Indicated also is a two year stint as the chief psychologist for the South Huntington School District, when I directly supervised twenty psychologists and social workers. Over the years, I have also benefited from a total of fifteen years of once-weekly individual supervision. The first of these supervisors was Nosson Solomon, who was then known as Andy Solomon. The first psychologist intern that I supervised was Karyn Feinberg. A more recent year-long supervisee was Karyn and Shalom Feinberg's daughter, when she was completing her program at Pace University. As you can see, I exceed the criteria set by Nefesh.**

**I would welcome either individual or group supervision sessions at the \$80/35 fees. With regard to supervisee's using Skype, I would be happy to accept individuals who are practicing within New York State, as per a discussion I had with Sylvan Schaffer.**

**Please let me know if you need any further information. It was a pleasure to take this walk down memory lane with you.**

**I look forward to seeing you, once again, at the conference.**

**Sincerely yours,**

**Zvi Joseph Weinreb Psy.D.
